close shop again
at this rate? I kinda
like it here. How
about putting up
some ads? Though
I could spread the
word for you if you
think you've hit the
end of the road. The
win will be sealed
with my help.

All my friends will
visit here. I'm gonna
computer games

But in return,
you gotta let me
use this place as
my hideout.

Oops, I said too much.
He's gonna get mad again...

EEEEK!!!

Oof!

You shouldn't run in the library. Be careful, kid.

That guy...

oo?

Ah... Did Mano curse at you again?

...is acting strange.

He didn't swear at all!

More like, he was super nice to me! There was a halo, flowers, and everything!

Yo, it's no joke, I'm telling you.

All
done!

Now you
won't trip
and fall.

Abnormal

Look
closer.

Normal

He's
humming
as if he's
enjoying
his
work.

Usually
he's bored
out of his
mind by this
point.

...
You're
right!!

This is bad,
if Lord Carbel
finds out—

Oh.
Welcome back.

Let
me take
that for
you.

Mano

UNEASE ...

Are
you angry
about
some-
thing?

Did something
happen today?

?

Feed that

...No,
why?

Aah...
I see.

It's
feeding day.

Too bad
for you,
but pouting
won't help.

I am
hungry
right
now.

Don't even
bother trying
anything.
Just prepare
yourself.

SLIDE...

Certainly.

Forgive
me for the
delay.

Sr.

I'll
now ready
myself
for you.

Stop!

...Have you
gone insane???

SUPER FLUSTERED

Eh?
But...

you said you
were hungry, so
I wanted to let you
have me right
away...

...
Chief?

I've
lost my
appetite.

Louis,
Olivia.

My
office.
Now.

Mano,
return
to your
post.

Yes...
sir.

**Head
Librarian's Office**

How dare it touch what's mine.

The moment it enters my sight,

I will tear it limb from limb

BLA
LING

FIERCELY

Um... Chief?
What about the arrest...?

Please calm
down...

Don't
worry
about
Mano. I'll
watch
him
during
the day.

And
I'll watch
him by
night.

You
can leave
everything
to us!

We cannot let
the culprit enter his
line of sight.

Maso is
heading
out of the
library.

I'll
follow
him.

Be
careful,
Olivia.

I haven't seen you
this angry in a
long time, sir.

Are you
that con-
cerned?

This
Gourmet

marks
its prey
with a single
puncture
wound on
the neck.

Soon after,
they tear the
prey's body
apart.

Thus
destroying the
only clue that can
identify it as the
work of a Gourmet.
That's how they've
remained un-
discovered for
so long.

Following this
conjecture...

They
will try
to kill
Mano

within
three days.
